

Changing Your Eagle Mail Password

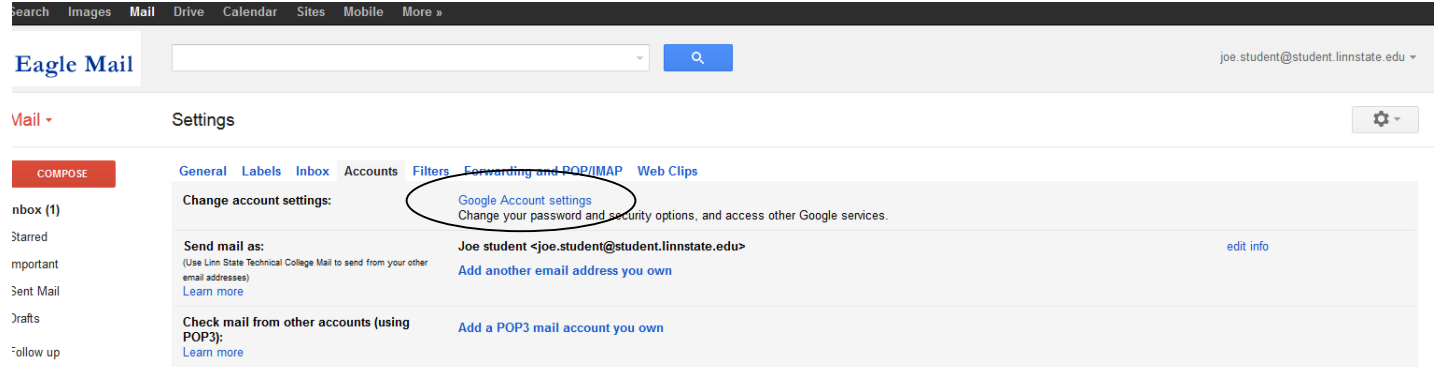

1. Login to Eagle Mail and click gear to open and choose Settings

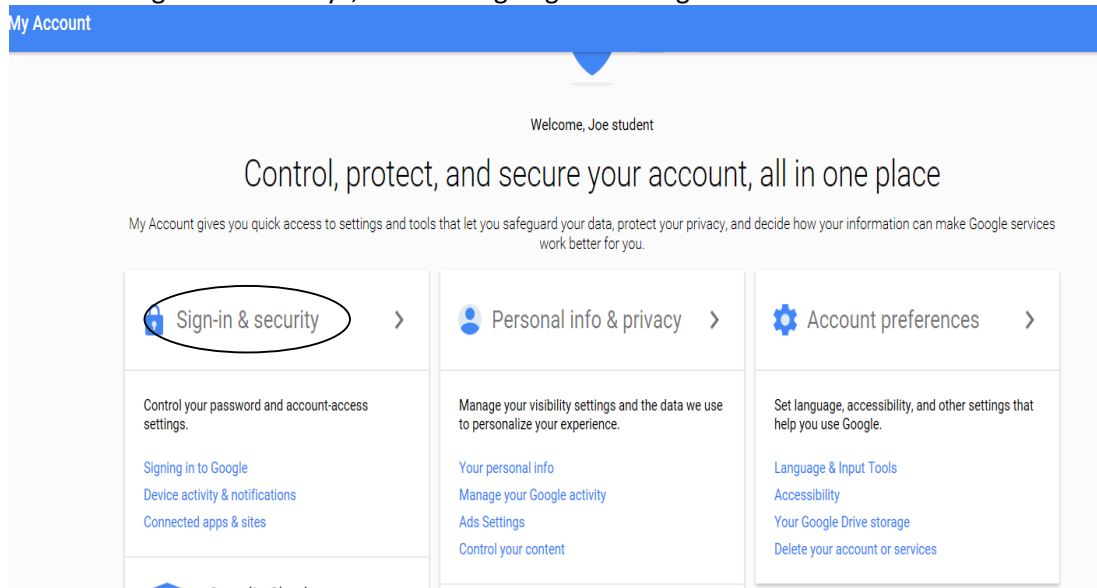

2. Click the Accounts Tab

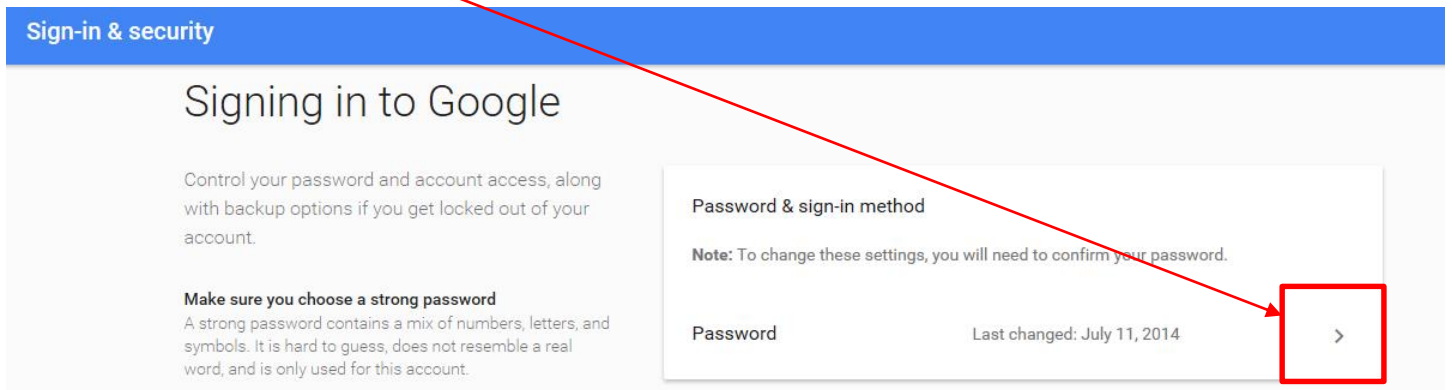

3. On the Accounts Tab, click Google Account settings, this will take you back to the “Landing” page.

4. Under “Sign-in & security”, click on “Signing in to Google”

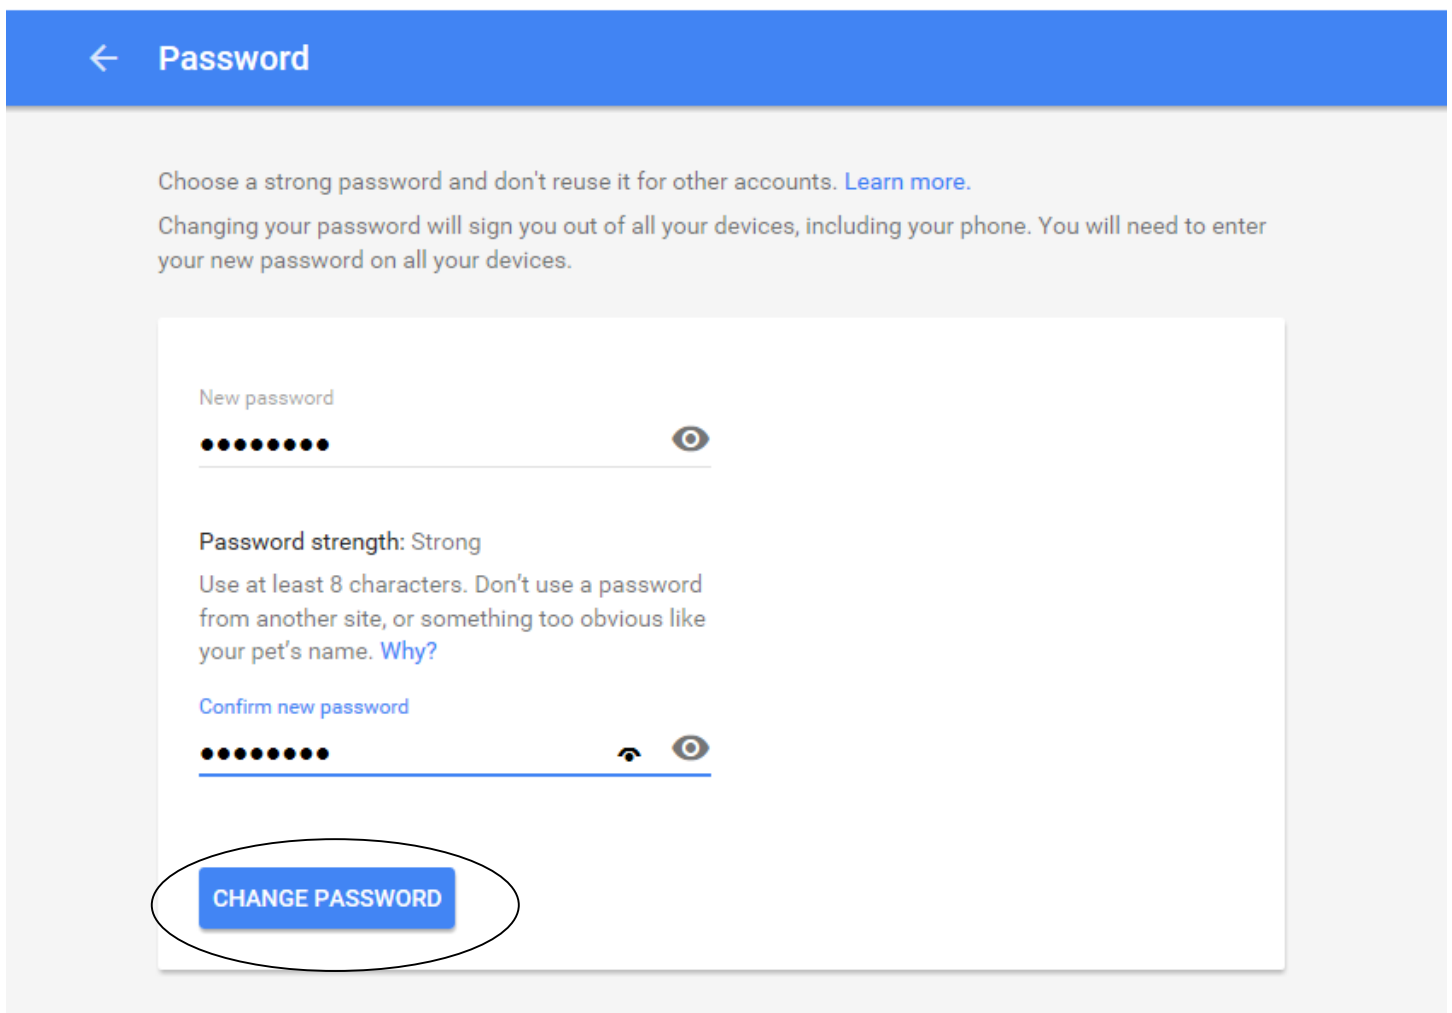

4. Click on right arrow on password, this will take you to a screen that will have you re-enter your current password.

5. **Passwords must be at least 8 characters in length.**

Enter your new password and confirm it, then click "Change Password. The screen will take you back to the "Sign-in & security" page. To get to your email, click the box at the top right and choose the Mail icon.
