March 28—Spring Open House

April 3—State Skills USA/No Classes

April 10—Free Day/College Closed

May 5-7—Spring Semester Finals

May 8—Spring Semester Ends

May 9—Commencement

As I start my fourth year as president of State Tech, I continue to be amazed by the students, faculty, and staff that make State Tech “The Employer’s Choice”. Being named the #1 2-Year College by Wallethub simply confirms what many familiar with State Tech already know. State Tech is the best at what we do, preparing graduates for a life of learning and profitable employment.

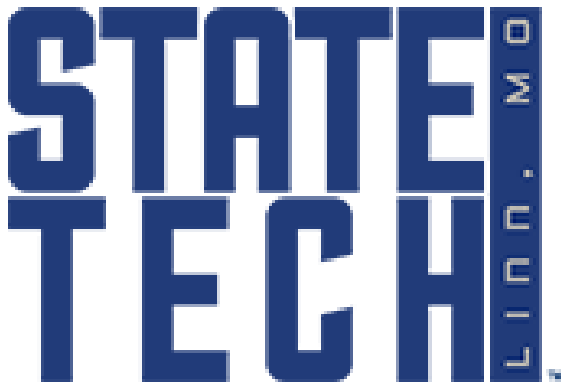

We opened the year with record enrollment and a record number of companies searching for students. Early in the Spring semester, well over 200 companies are expected to be at our Career Expo. This winter we plan to break ground on the Utility Technology Center and renovation to the Multi-Purpose Building. These buildings will provide homes to a number of growing programs including: Utility Systems Technology, Electrical Distribution Systems, Civil Engineering Technology, and Heavy Equipment Operations.

Long ago I learned that our student body is motivated by many different things. At some point you may have helped motivate one of our outstanding students to pursue a State Tech education. We are intentional about providing opportunities that motivate students. This may be in the classroom, intramural sports, hanging out in the Activity Center, going to other events on campus, or just hanging out with friends. We are always looking for opportunities to serve our growing student population better. If you see one of our students struggling to stay motivated, please let us know as we can help. Thank for your support of State Tech, “The Employer’s Choice”.

BREAKING NEWS

The Aspen Institute Names State Tech to its “Top 150 U.S. Community Colleges” list for 2021. State Tech is honored to be considered one of the nation’s top 150 community colleges!

Funding for the Future...Investing in Tomorrow's Graduates

State Technical College of Missouri has a charitable Foundation that is ready to help you invest in the future for our students. The Foundation has many great opportunities available to impact our students.

We can help you:

- Start a scholarship
- Honor a graduate or alum
- Name a classroom, lab or building
- Provide materials and equipment for a program
- Set up a planned gift to create a lasting legacy

Click [here](#) to donate today or email us at foundation@statetechmo.edu for more information.

We are ready to help you make a life changing impact by investing in State Tech!

2020 State Tech Career Expo

All students participate

Wednesday, February 12

Location: State Tech Activity Center

Last year 200 employers.

Registration for employers is currently open

Employers recruit interns and 2020 graduates for employment

Over 60 employers conduct interviews during the event

Employers representing every technical program are participating

Open to alumni with registration

For further details, regarding participation please contact Scott Peters-Phone 573.897.5135

Email: careerservices@statetechmo.edu.

ACTIVITY CENTER

The Activity Center is here to ensure students are healthy in body as in mind. The Activity Center offers a wide variety of intramurals, fitness classes, and open play opportunities. Current students are able to use the Activity Center to reach their goals, de-stress, make new friends, eat a quick meal and watch the game of the day!

Hours:

Monday-Friday 5am-Midnight

Saturday-Sunday 7am-Midnight
